INTRODUCTION

Removing the back cover of the Motorola Moto E6 Play gives access to the inner workings of the phone, and is necessary to perform repairs. If the phone screen is cracked, prevent further damage by [taping over the display](#) before beginning repairs.

TOOLS:

- [Halberd Spudger](#) (1)
-

Step 1 — Back Cover

- Run the halberd spudger along the edges of the device. The back cover should easily pop off.
- ⚠ Gently remove the back cover. Do not pull hard, as it is still connected to the fingerprint scanner inside the phone.

To reassemble your device, follow these instructions in reverse order.
