

# Asus VivoBook Flip 14 TP410U Hard Disk Drive Replacement

This guide helps you replace the hard disk...

Written By: Justin Martel

# INTRODUCTION

This guide helps you replace the hard disk drive (HDD) in your Asus VivoBook Flip 14 TP410U.

## TOOLS:

- [Phillips #00 Screwdriver](#) (1)
- [Metal Spudger](#) (1)

## PARTS:

- [1 TB SSD](#) (1)
- [Crucial MX500 250 GB SSD](#) (1)
- [Crucial MX500 500 GB SSD](#) (1)
- [2 TB SSD](#) (1)

## Step 1 — Hard Disk Drive

- Disconnect laptop from the power supply.

## Step 2

- Use a Phillips #00 screwdriver to remove the ten 6.4 mm screws from the bottom cover.

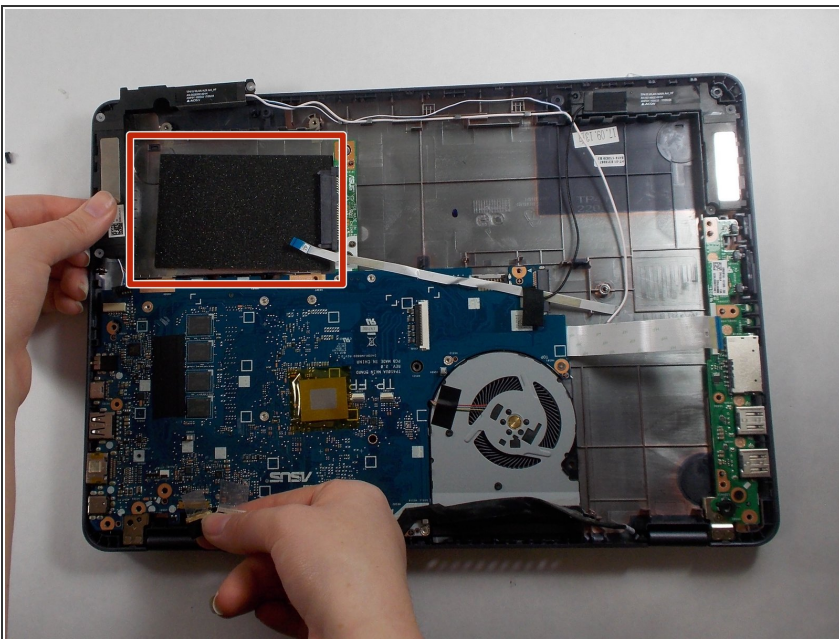

## Step 3

- Use a metal or nylon spudger to pry open the back cover on all sides.
- Remove the back cover to access the inside where the hard disk drive is located.

## Step 4

- Locate the hard-drive.
- Disconnect the hard disk drive from its connectors, and remove the drive.
- ☑ Place the new HDD in the same location and orientation.

To reassemble your device, follow these instructions in reverse order.
