## INTRODUCTION

We will be showing you the easiest way to take the back cover off the Samsung SPEX SCH-R210 phone to access the battery and other components of the phone.

### Step 1 — Back Cover

- Lay the phone on its front side so the back is visible.
- Use your thumb to gently and firmly press down on the triangle arrow found on the cover of the phone.
- Press down on the arrow until you hear a popping sound, which will remove the cover of the phone.
- Slide the cover down from the phone to remove it. Set the cover aside.
