

Removing the Dell Precision T3400 Side Panel

Written By: Jenalina Santiago

Step 1 — Remove the computer's side panel.

- Lay the computer on its side so the panel faces up.
 - Push the cover release latch at the back of the computer's case. The cover should pop off and away from the computer.
- ⓘ Make sure the computer is on its side before you begin replacing any parts.
-

To reassemble your device, follow these instructions in reverse order.
