

# Camera Reset

This is a step-by-step guide to resetting the Sony Cyber-shot camera.

Written By: Katie McCraw

## TOOLS:

- [Paper Clip](#) (1)
-

## Step 1 — Camera Reset

- Pull the battery cover in a downward motion, following the arrow on the cover, until it is released.

## Step 2

- Locate the reset button near the battery compartment and push the button with a pointed object such as a paper clip or pry tool.

### Step 3

- Close the battery cover.
